About Benton-Franklin Humane Society

Our Mission

Benton-Franklin Humane Society, established in 1966, is a private, non-profit adoption center located in Kennewick, WA. We are a no-kill shelter that receives no government funding. BFHS advocates for the humane treatment of animals through adoption counseling, educational outreach, and community services. We promote exceptional pet ownership and work tirelessly to place our animals into loving, forever homes. Compassion and respect guide our actions as we strive to create a model humane community.

We Achieve This Mission By:

- Providing animal sheltering services to homeless pets. Every companion animal we place in a loving home is spayed/neutered, vaccinated, microchipped and provided the highest level of care while they are in our shelter.
- Operating a neo-natal foster program for over one hundred orphaned kittens every year providing medical care as needed, nurturing them, and preparing them for loving homes.
- Partnering with local rescue agencies to provide necessary resources to all community pets.
- Public support and education to encourage the human-animal bonds and prevent animal homelessness in our community.
